

erved as usual as a holiday. Members of the board said that every step possible would be taken to prevent violence and a formal declaration to the miners forbidding rioting or destruction of property, and urging them properly to conduct themselves, would probably be issued.

It is announced by the district and board members that the miners will not enter into a contract with the separate contractors. They will also not enter into a contract with an operator, unless, besides the terms of the contract, the operator agrees to attend and participate in the next interstate movement conference when it is called. The miners are thus to make strenuous efforts to preserve competitive district lines, though the interstate relationship between themselves and the operators generally have been broken off.

No General Strike Order.
No general strike order was issued by the National Executive Board of the United Mine Workers of America, as a result of today's meeting of that body. District officers and board members have informed local unions that miners may cease work at the expiration of the present wage scale at midnight, and remain out until ordered back to work under a new contract.

The signing of contracts to-day by the operators in Western Pennsylvania and Kentucky is accepted by the miners officers as an indication of what may be expected elsewhere.

Bennet Brown, representing several large mines in Southern Illinois, made personal application to President John Mitchell to be allowed to sign the new contract.

It was said at national headquarters that the mines in Indiana, south of the Baltimore and Ohio, and Southwestern Railroad, have made application to be allowed to sign the new scale.

OPERATORS INSIST UPON ARBITRATION

They Telegraph the President That They Want Differences Thus Settled.

(By Associated Press.)
INDIANAPOLIS, IND., March 31.—The executive committee of the operators of the Southwestern district to-day sent the following telegram to President Roosevelt:

"To the President,
"Washington, D. C.
"Coal operators representing more than 85 per cent. of the output of coal in the territory named, this afternoon offered the following resolution in joint convention:

"The operators of the Southwestern district, embracing Missouri, Kansas, Arkansas, Texas and Indian Territory, realizing the gravity of the crisis caused by the failure of themselves and the miners to agree on a wage scale and conditions of labor in that field now propose to submit all questions at issue to arbitration before a commission to be appointed by the President of the United States, the award of said commission to be binding on both miners and operators."

"The miners voted against the resolution, but notwithstanding their action, the operators are still anxious that the differences between them and the miners be adjusted as suggested in the resolution.

(Signed) W. C. PERRY,
"President Southwestern Interstate Coal Operators Association."

NO STRIKE IN THE PITTSBURG DISTRICT

President Robbins Will Sign 1903 Scale, and Men Will Continue at Work.

(By Associated Press.)
PITTSBURG, March 31.—Following a long all-day session of the Pittsburgh district miners convention adjourned this evening to meet again Monday, after appointing a new wage committee of four, with full authority to sign up all operators who are willing to pay the 1903 scale.

This committee will meet Chairman Francis L. Robbins, of the Pittsburgh Coal Company by appointment on Monday, when Mr. Robbins will sign the scale for two years.

This action means that there will be no strike in the Pittsburgh district, so far as the miners employed by the Pittsburgh Coal Company are concerned.

While the mines will be closed Monday, which day is set aside in commemoration of the eight-hour work day, all the works of this company will resume operations on Tuesday. It is believed that a majority of the independent operators will eventually sign the 1903 scale, but not until after their meeting, which is scheduled for the latter part of next week.

The independent says the action of the Indianapolis convention in adopting the Perry resolution has forever smashed the interstate agreement, and that the check-out-of-work can no longer be permitted at the mines. Mr. Robbins says this is not necessarily so, as the privileges offered under the resolution are general.

To Quit on Monday.
(By Associated Press.)

FORT SMITH, ARK., March 31.—Secretary Brackney, of this District Mine Workers' Union of the southwest, has issued an order for all miners to lay down their tools on Monday.

SUPPLY IN CHICAGO IS VERY SHORT

Such a Scouring for Fuel as Has Never Been Seen Before.

(By Associated Press.)
CHICAGO, March 31.—With the immediate prospect of a big miners' strike and an attending possible famine, the fuel problem was changed completely in Chicago yesterday. The reports of "sixty day supplies" of coal dwindled to but half that amount when inventories were taken for reparatory to meet the serious problem which now confronts the railroads and manufacturers in the city.

With the opening of business houses there was a scouring after fuel never before seen in the history of Chicago. More than 40,000 tons of coal were hauled from railroad yards and coalfields during the day. Members of the Coal Teamsters' Union alone moved 33,400 tons of coal during the day, more than have ever before been hauled in one day in the history of the city. The price of the various grades of soft coal rose 75 cents a ton during the day, an increase of 20 cents being recorded the first half-hour of the day's business. Another element which entered into the fuel problem was the fact that the city of Chicago is now burning a large quantity of coal for its own use.

DRAGGED INTO DITCH AND BROKEN TO PIECES
Nearly Entire Florida Special Overturned, But Nobody Killed.
(By Associated Press.)
MACON, GA., March 31.—The south-bound Southern Railroad's Chicago and Florida special, Atlanta to Macon, was derailed at Holton to-day and dragged into a ditch and broken to pieces. The entire train but the engine and diner were overturned. No one was hurt, but J. P. Smith, colored porter, will not live. A. C. Phillips, baggage-master, of Atlanta, was very seriously hurt. The following passengers were hurt: J. P. Studebaker, New Canby, Ohio; G. D. Shelton, New Canby, Ohio; Frank Torrey, Springfield, Ohio; R. S. Wythe and wife, Newark, Ohio; Judge Stewart, Springfield, Ohio; McRae, of McRae, Ga.; J. S. Singler, Ashburn, Ga.

The railway officials are unable to explain the cause of the accident, which occurred at 8 o'clock in the forenoon. The train was not at unusual speed. The injured were promptly taken to the Macon hospital.

If you can't call, write for our handsome Style Book, Sample and Price List.

It's free.

O.H. Berry & Co.
MEN'S & BOYS' CLOTHES

Item and which made the situation more serious was the doubtful attitude of the coal teamsters. It was at first believed that the teamsters would in a way be affected by the miners' strike, but when the question of hauling the fuel from the mines which will be operated with non-union labor came up, it was reported that the teamsters would refuse to do their work.

STRIKE SPREADING IN FRENCH MINES

Over 30,000 Strikers Parade and Engage in Riotous Manifestations.

(By Associated Press.)
LENS, FRANCE, March 31.—The strike is being renewed throughout the mining region. A sanguinary affray has occurred at Henin-Liétard. A striker was killed, three gendarmes were wounded, houses were sacked and windows were broken. It had evidently anticipated the officers and have engaged in riotous manifestations. A thousand additional troops have arrived here. The Parliamentary Committee to-day began its investigation here into the catastrophe of March 10th and the strikers made demonstrations before the committee's headquarters.

WOMEN AND BOYS IN HORRIBLE DEN

(Continued from Second Page.)

the time the officers entered the house until a yell was heard on the street, and the crippled Armstrong came to the door. He had evidently anticipated the officers, and had brought with him a quart of whiskey to still his nerves. He was admitted when he knocked at the door and immediately placed under arrest by Officer Thurman, who was guarding the prisoners, while Officer Amos was telephoning to the station house for the patrol wagon.

Officer Thurman could not leave the front door, for fear that the boys would slip out, and while he was watching this point, Armstrong drank almost the entire contents of the quart bottle of whiskey. The man immediately fell into a comatose state, and the ambulance had to be summoned after he was taken to the station house. It required the services of Dr. Amos several hours to bring the man around.

"The dive is the worst that I have ever seen in Richmond," said Officer Amos last night, after the arrest of all parties.

Officer Thurman fully agreed with his colleague. In the assertion of Armstrong will appear before Justice Cruikshank Monday morning, and the charge that he will have to answer to will be one novel indeed in the annals of the police.

The police expect the fathers of the miners who visited the place where gambling and drinking was carried on, will make charges against the man, and if his sentence is a large one on each of the charges that he is to face, he will spend several years in the city jail, providing, of course, that he escapes something worse.

FOR CONGRESS.

Judge D. Tucker Brooke Announces His Candidacy.

(Special to The Times-Dispatch.)
NORFOLK, VA., March 31.—Judge D. Tucker Brooke, one of the best known members of Norfolk, Va., is a candidate for Congress against Representative Harry L. Miller, of Portsmouth, who has represented the second district in the House of Representatives for the past six years.

After consideration of the matter for several weeks, Judge Brooke to-day decided to make his formal announcement for Mr. Miller.

Col. Robert W. Withers, of Suffolk, when advised of Judge Brooke's determination, declared it will not affect his determination to enter the contest.

FIFTH REPORT ON THE MUTUAL LIFE

Troubles Due to Ambitions to do Biggest Business and Become Financial Power.

REAL PURPOSE OVERLOOKED ASKED FOR CONFERENCE

It Endorses the Legislative Committee's Recommendation as to Limiting Amount Written.

(By Associated Press.)
NEW YORK, March 31.—The special committee of the trustees of the Mutual Life Insurance Company appointed to examine into the company's affairs, made public its fifth report to-day. The committee consists of W. H. Truesdale and John W. Auchincloss; another member, Stuyvesant Fish, having resigned.

The committee finds that its investigation thus far leads it to believe "that the troubles which have befallen the Mutual Life Insurance Company can all be more or less directly traced to the ambition of its management to equal or excel all others in the amount of insurance written and maintain, furthered by its other and possibly controlling desire to be one of the great financial powers of this country."

The report says: "The real purpose of the company's organization, viz., to furnish to its members absolutely safe insurance at the very lowest possible cost, seems to have given place to this ambition for power and influence in the business and among the public. The company's foreign business, the report sets forth, has been conducted with the same ambition in view, and the general management of the foreign agencies is criticized with a recommendation that the company discontinue the solicitation of new business in foreign countries, excepting, possibly, Great Britain, Holland, Belgium, Mexico and France."

It endorses the recommendation of the legislative committee investigating the company's insurance business written to \$100,000,000 a year. Deferred dividend policies are characterized as "a mongrel type of insurance."

The committee says it is advised that such of the company's funds as were donated for political or campaign purposes were unlawfully disbursed and recovery can be had in behalf of the company from those of its officials or trustees responsible therefor. The committee recommends that the company should have already consulted counsel with regard to what legal steps may be taken to secure the recovery of those moneys.

"It must be apparent to all that as donations or contributions from the funds of the company for political or any other purposes cannot lawfully be made, they should not have been made in the past and must not be permitted hereafter."

ONLY TO AVOID ANNOYANCE; HAS NOTHING TO FEAR

(By Associated Press.)
AUGUSTA, GA., March 31.—Thomas D. Jordan, formerly controller of the Augusta Police Department, who was reported to have left there for the North, is now in Washington, Ga., according to a special received by the Chronicle. He is visiting relatives and friends there, and it is announced will remain about a week. He declines to discuss the affairs of the Equitable, but, according to his host, T. M. Fitzpatrick, he is merely trying to keep himself and family from annoying newspaper notice and feels that he has nothing to fear in connection with his past actions.

SUING MEMPHIS RAILROAD FOR FIVE MILLION DOLLARS

(By Associated Press.)
NEW YORK, March 31.—Suits for over \$5,000,000 against the Memphis, El Paso and Pacific Railroad Company, in Texas corporation, was brought to-day in the United States Circuit Court by Charles D. Brown, of New York City. No record of the company, El Paso and Pacific Railroad Company is given in any of the recent railroad manuals.

Offer a Delightful Evening.

Captain Frank W. Cunningham, who has direction of the entertainment to be given in the lecture-room of the Third Presbyterian Church next Thursday night, April 6th, at 8:30 o'clock, is providing one of the most attractive programmes that have been rendered in similar entertainments in a long time. Among the talented persons who will take part are Miss Mamie Jackson, Miss Tucker, Lohman, Kirk, Matthews and others.

The prospects are bright for a thoroughly delightful affair.

Looking for the Liveria.

(By Associated Press.)
WASHINGTON, March 31.—United States Senator Dawson, of California, has been advised by the State Department to look out for the American bark Liveria, which sailed from Philadelphia on March 28, and which is supposed to be carrying a large quantity of mauer cartridges for revolutionaries.

THE WEATHER

Forecast: Virginia and North Carolina—Fair Sunday and Monday; colder Sunday in east portion; fresh northwest winds.

Conditions Yesterday.

MILL MEN WILL GO OUT ON STRIKE

Demand Nine-Hour Day and Ten Per Cent Increase in Wages.

OPERATORS REFUSE TO ACCEDE, AND SEE NO GOOD TO BE GAINED BY CONFERENCE

The Association of Mill Operators, of this city and Mund, the committee of the Mill Men's United Association of Joiners, will to-morrow make a demand on the operators of a nine-hour day and a 10 per cent. increase in wages.

The Association of Mill Operators, of this city and Mund, the committee of the Mill Men's United Association of Joiners, will to-morrow make a demand on the operators of a nine-hour day and a 10 per cent. increase in wages. The committee of the operators, who are represented by the operators of the mill, men, through the operators, will to-morrow make a demand on the operators of a nine-hour day and a 10 per cent. increase in wages. The committee of the operators, who are represented by the operators of the mill, men, through the operators, will to-morrow make a demand on the operators of a nine-hour day and a 10 per cent. increase in wages.

The committee of the operators, who are represented by the operators of the mill, men, through the operators, will to-morrow make a demand on the operators of a nine-hour day and a 10 per cent. increase in wages.

CONFERENCE COMMITTEE.

The union appointed a conference committee of five who will confer with a like committee of the operators. The latter committee would consist of J. N. Brown, the president of the local union, and two other members. The union committee would consist of J. N. Brown, the president of the local union, and two other members.

The union committee would consist of J. N. Brown, the president of the local union, and two other members. The union committee would consist of J. N. Brown, the president of the local union, and two other members. The union committee would consist of J. N. Brown, the president of the local union, and two other members.

BOARD OF FISHERIES SETTLES DOWN TO WORK

Many Important Matters to Come Up for Consideration at Their Next Meeting.

The new State Board of Fisheries, qualified yesterday before Secretary of the Commonwealth Eggleston, their term of office beginning to-day, April 1st. All the members of the board showed up yesterday, except Senator George B. Kezwell, who is confined at his home in Rockingham with lumbago.

It is more than probable that the next meeting of the board will be held in Norfolk from April 15th to the 21st, inclusive, at which time the 15th and 16th will be devoted to the intricate Warwick county cases, dealing with the shore holders, whose holdings are being contested by the oystermen as being natural rock.

It is hardly probable that these cases can be decided in the time allotted to them, and it may be months before they are finally settled.

The 20th and 21st will probably be devoted to the election of the forty-four oyster inspectors of the State and the election of the crews of the several steamers. The State oyster steamer will be assigned to protecting the rocks in the James River, and to preventing depredations on the oyster season there, on April 25th.

Mr. W. McDonald Lee, the chairman of the new board, is editor of the "Virginia Citizen" at Irvington, Lancaster county, and has had twenty years experience in the oyster industry.

The reply which the operators made as an association is as follows:
In reply to your communication of the 3d instant, addressed to each of the mill owners, we wish to say after full discussion of the subject we have unanimously concluded that it will not be advisable to agree to the proposals you submit. Our business is different from that of others in the building trades on account of the heavy investments in our plants, and we cannot afford to restrict our working days to nine hours all the year round.

As both sides are standing "pat," there seems to be little hope for an agreement, and according to the provisions of the law of the situation, the mill men will go out to-morrow morning, and a lockout will be declared.

Operators' Reply.

ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy, Swamp-Root, Will Do for YOU, Every Reader of the Times-Dispatch May Have a Sample Bottle Sent Absolutely Free by Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

Therefore, when your kidneys are weak or out of order you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

I was out of health and run down generally; had no appetite, was dizzy and suffered with headache most of the time. I did not know that my kidneys were the cause of my trouble, but somehow felt that they might be, and I began taking Swamp-Root. There was a pleasant taste to Swamp-Root, and it soon righted the stomach and drove disease out of the system. It has cured me, making me stronger and better in every way, and I cheerfully recommend it to all sufferers.

Yours truly,
MRS. A. L. WALKER, 231 E. Linden St., Atlanta, Ga.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; make your head ache and back ache, cause indigestion, stomach and liver trouble, you get a sallow, yellow complexion, make you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

How to Find Out.

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take, and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most successful remedy for kidney, liver and bladder troubles.

EDITORIAL NOTE.—So successful is Swamp-Root in promptly curing even the most distressing cases of kidney, liver or bladder troubles, that to prove its wonderful merits you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters received from men and women cured. The value of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in the Richmond Sunday "Times-Dispatch." The proprietors of this paper guarantee the genuineness of this offer.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Swamp-Root is pleasant to take.
